Type: PS116

Portable Flowmeter

Klinger PS116 is a Portable Ultrasonic Flowmeter for water and other clean Liquids. The Meter are a Clamp on version and has to be mounted without cutting the pipe, for pipedimensions DN 25 to DN 1.200mm (same meter).

The Meter will be delivered in a Suitcase for storage and transportation with magnetic sensors for easy mounting.

- No moving Parts
- Clamp On meter, Mounted without cutting the Pipe
- Menustructure for Guided Setup

Generel data

Type:	Klinger PS116
Dimensions:	DN25 to DN1.200mm
Process Connection:	Clamp on
Wetted Parts:	None
Ranges:	0,01 to 12 m/s
Accuracy:	+/- 1 % FS
Power supply:	Battery (Rechargeable) for 16 hours
Output:	4...20mA
Datalogger:	5...60 seconds / max. 512 days
Storage:	1 Gb SD kort
Klinger p/n:	19103221

Klinger PS116 will be delivered as a complete solution including Suitcase ith Sensors (CB036 w. 5 m cable), 2 transducered racks, 2 Pipestrips and Grease Coupling Paste.
